

RELAY NORTH DAKOTA

(Telecommunications Relay Service)

MAKES ALL THE RIGHT CONNECTIONS

RELAY NORTH DAKOTA -- a free service that provides full telephone accessibility to people who are deaf, hard-of-hearing, deaf-blind, and speech-disabled. The relay is open 24-hours a day, 7 days a week, and it is free within your local calling area. Long distance calls made through Relay North Dakota's Provider are billed at a reduced rate due to the additional time needed to place a relay call. <http://www.relaynorthdakota.com/>

If you are **unable to hear or speak**, use the **relay service** which creates a link between an individual using a text telephone device (TTY) which looks like a typewriter or small computer, and a non-TTY user. Operators called Communications Assistants act as go-betweens, relay conversations between a TTY user and a telephone user by speaking everything typed by the TTY user and typing everything said by the telephone user.

To place a **RELAY** call (TTY), please dial

1-800-366-6888

To place a **RELAY** call (voice users), please dial

1-800-366-6889

Or Dial 711

(if available in your area)

If you are **speech-disabled**, take advantage of Relay North Dakota's user-friendly **Speech-to-Speech service**. Specially trained Relay Operators serve as the speech-disabled user's voice and repeat their voiced response back to the called party.

For **Speech to Speech**, please dial **JUN 07 2010**

1-877-366-3709 (toll free) or 711
